DESIGNATING NOVEMBER 23 TO 29 AS FIRST NATIONAL GIRLS' WEEK

I, Manuel L. Quezon, President of the Philippines, do hereby designate the period from November 23 to 29 as First National Girls' Week.

The National Federation of Women's Clubs in sponsoring the First National Girls' Week aims to increase interest in girls as among the nation's greatest assets, to give the girls a sense of their possibilities and responsibilities as future citizens, and to secure recognition on the part of the government and the public of their responsibility toward girls.

The importance of the aims of this movement is obvious. If the role that girls play in a community need to be better emphasized, it is at this epoch when the Philippines has stepped into the threshold of a new era. Our girls must realize more than ever the obligations and responsibilities incumbent upon them if they must be worthwhile citizens.

I, therefore, ask all our citizens, and business interests, all insular, provincial and municipal officials, all teachers in public and private schools, and other public-spirited individuals and institutions to give their support and cooperation in order that the aims of the first National Girls' Week may be carried out successfully.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this twenty-first day of November, in the year of Our Lord, nineteen hundred and thirty-five, and of the Commonwealth of the Philippines, the first.

DESIGNATING THURSDAY, THE 28<sup>TH</sup> OF NOVEMBER, 1935, AS A DAY OF NATIONAL  
THANKSGIVING

Whereas, the President of the United States, in accordance with custom, has set aside Thursday, November twenty-eight, nineteen hundred and thirty-five, as a day of national thanksgiving; and

Whereas, it is most appropriate that on this, the first year of the Commonwealth, the day be observed in the Philippines as in the United States and that the Filipino people be apprised of the proclamation by the President of the United States of America.

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby proclaim Thursday, November twenty-eight nineteen hundred and thirty-five as a day of thanksgiving in the Philippines and do enjoin upon the inhabitants thereof to repair to their respective houses of worship and offer thanks to Almighty God for the blessings which He has bestowed upon this country; for the establishment of the Commonwealth base upon the free will and suffrage of the Filipino people and for the generosity of the American Government and people in granting to us this final concession preparatory to the achievement of the status of a free and independent nation; to make humble acknowledgment of our devout gratitude to Him for the bountiful blessings that have been vouchsafed to us during the past year and for the spirit of peace and goodwill that reigns supreme among all elements of our people; and I do also furnish, for the respectful and careful consideration of the people of the Philippines, the following proclamation of President Roosevelt:

“BY THE PRESIDENT OF THE UNITED STATES OF AMERICA—A PROCLAMATION

“I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the twenty-eighth of November, nineteen hundred and thirty-five, as a day of national thanksgiving.

“In traversing a period of national stress our country has been knit together in a closer fellowship of mutual interest and common purpose. We can well be grateful that more and more of our people understand and seek the greater good of the greater number. We can be grateful that selfish purpose of personal gain, at our neighbors’ loss, less strongly asserts itself. We can be grateful that peace at home is strengthened by a growing willingness to common counsel. We can be grateful that our peace with other nations continues through recognition of our own peaceful purpose.

“But in our appreciation of the blessings that Divine Providence has bestowed upon us in America, we shall not rejoice as the Pharisee rejoiced. War and strife still live in the world. Rather, must America by example and in practice help to bind the wounds of others, strive against disorder and aggression, encourage the lessening of distrust among peoples and advance peaceful trade and friendship.

“The Future of many generations of mankind will be greatly guided by our acts in these present years. We hew a new trail.

“Let us then on the day appointed offer our devotions and our humble thanks to Almighty God and pray that the people of America will be guided by Him in helping their fellowmen.

“In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

“Done at the City of Washington this twelfth day of November, in the year of Our Lord Nineteen hundred and thirty-five, and of the Independence of the United States of America the One hundred and sixtieth.

“FRANKLIN D. ROOSEVELT”

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this twenty-sixth day of November, in the year of Our Lord, nineteen hundred and thirty-five, and of the Commonwealth of the Philippines, the first.

DECLARING NOVEMBER 29, 1935, PAN-AMERICAN DAY

Whereas, the trip of the China Clipper of the Pan-American Airways to the Philippines will inaugurate the airline between the United States and the Philippines;

DECLARING FEBRUARY 8<sup>TH</sup> OF EACH YEAR AS CONSTITUTION DAY

Whereas, on the eighth day of February, nineteen hundred and thirty-five, the representative of the Filipino people in convention assembled approved the Constitution of the Philippines;

Whereas, this Constitution embodies the ideals of liberty and democracy of the Filipino people; expresses their love of peace, order, education, and progress; establishes the necessary safeguards for individual rights; insures the formation of a citizenry conscious of its solemn responsibilities to the State; secures the conservation of the patrimony of the nation; provides for the defense of the national territory, and guarantees a regime of equality and justice under a government republican in form and in fact; and

Whereas, it is necessary to inculcate in the minds of the citizens of the Philippines—especially upon the youth—the great principles and sound precepts proclaimed and ordained in the Constitution, to the end that the sense of dignity and national consciousness may ever be alive in their hearts, and that they may be accustomed to the rules and practices of democracy and to respect its institutions, for upon the fulfillment of these purposes depend the maintenance of national sovereignty and the success of constitutional government established in this country for the progress and well-being of its inhabitants;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the powers in me vested, do hereby proclaim the eighth day of February of each year as Constitution Day, for due and fitting observance throughout the country, particularly in all the public schools and institutions of learning.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this seventh day of February, in the year of Our Lord, nineteen hundred and thirty-six, and of the Commonwealth of the Philippines, the first.

DESIGNATING THE NATIONAL RICE AND CORN CORPORATION AS A  
RELIEF ORGANIZATION TO IMPORT RICE, FREE OF DUTY

Whereas, official reports show that there exists a serious shortage of rice and there is imminent danger of inflation of prices as a result of manipulations resorted to by those in control of the limited stock at present available for the local needs;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby declare, under the provisions of Act Numbered Four thousand one hundred ninety-eight, an emergency to exist, and do hereby designate the National Rice and Corn Corporation as a relief organization for the purpose of importing rice, free of duty, in such quantities as may be necessary to relieve the situation, in accordance with Proclamation Numbered Eleven, dated November thirtieth, nineteen hundred and thirty-five.

The duties and responsibilities of the Director of Commerce as prescribed by Executive Order Numbered Twenty-one, dated March fifth, nineteen hundred and thirty-six, with reference to the issuance of rules and regulations regarding the purchase, sale, and hoarding of palay and rice are hereby transferred to the National Rice and Corn Corporation.

All Government officials and employees, particularly the Director of Commerce and provincial and municipal treasurers, are hereby enjoined to extend to the National Rice and Corn Corporation such assistance as the latter may require for the proper execution of its relief work.

All executive orders and proclamations inconsistent with the provisions of this proclamation are hereby repealed.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

MALACAÑAN PALACE  
MANILA

BY THE PRESIDENT OF THE PHILIPPINES

**PROCLAMATION NO. 63**

DECLARING THE PERIOD BETWEEN INDEPENDENCE DAY, JULY 4TH, AND JULY 31ST, AS THE TIME FOR THE ANNUAL ROLL CALL OF THE RED CROSS IN THE PHILIPPINES.

I, Manuel L. Quezon, President of the Philippines, do hereby declare the period between Independence Day, July thirty-first, as the time for the Annual Roll Call of the Red Cross in the Philippines.

During the last calendar year the Red Cross has cooperated with the Government in dealing with problems that have to do with the welfare and happiness of our people. Over two hundred twenty thousand victims of disaster have received relief in one form or another; five hundred thousand of our children have been given dental care and attention by Junior Red Cross dentists. Red Cross nurses rendered kindly and efficient service to over two hundred thousand school children, and have blessed ninety thousand by their ministrations. The Leper Relief and Rehabilitations Service of the Red Cross has benefited over four hundred fifty individuals and families directly or indirectly affected by the dread disease. These are only a few of the varied and widespread services and this great society.

In time of calamity and need the Government will continue to look to the Red Cross for the prompt and adequate assistance it has always given in the past. Through the Red Cross, and inspired by its ideals, our people have accepted their part of the responsibility when the Government has been confronted by great emergencies. They have contributed their money and their time to aid their unfortunate fellow citizens. I appeal to all our people in all walks of life, to support the Red Cross by their services and contributions, according to their ability, and thereby assist in building up, in these Islands, one of the strongest Red Cross societies in the world.

Our vision of service should not be narrowed to our own land and people. We should be prepared to extend a helping hand when calamity strikes and distress prevails beyond our borders. The Red Cross knows no race, creed nor boundary lines.

I, therefore, call upon all citizens and residents of the Philippines, our business interests, all insular, provincial, and municipal officials, and other public spirited individuals and institutions, to actively assist in the organization and conduct of the Roll Call, and to give generous and special support this year in order that the Red Cross may be able to meet all its responsibilities.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this thirteenth day of May, in the year of Our Lord, nineteen hundred and thirty-six, and of the Commonwealth of the Philippines, the first.

**PROCLAMATION NO. 69**

**RULES AND REGULATIONS PRESCRIBING THE METHOD AND PROCEDURE OF SELECTION OF TRAINEES FOR MILITARY SERVICE**

Pursuant to the provisions of section fifty-five of Commonwealth Act Numbered One, entitled "The National Defense Act," I, Manuel L. Quezon, President of the Philippines, do hereby provide and promulgate the following rules and regulations prescribing the method and procedure of selection of trainees for military service:

**PHYSICAL EXAMINATION OF TRAINEE REGISTRANTS**

1. They physical examination should take place in a large, well-lighted room. The person to be examined is to be stripped. The examining physician should proceed in substantially the following order, viz:

(a) Observe the general condition of the skin, scalp, and chest. Take weight, height, and chest measurements. Minimum measurements are as follows, all chest measurements to be taken on a level just above the nipple:

Height	Weight	Chest measurements	
		At expiration	Mobility
<i>Centimeters</i>	<i>Kilos</i>	<i>Centimeters</i>	<i>Centimeters</i>
150	38	70	3
152	39	71	3.5
154	41	72	4
156	42	73	4
158	43	74	4.5
160	44	75	4.5
162	45	75.5	4.5
164	46.5	76	5
166	48	77	5
168	50	77.5	5
170	52	78	5

Slight variations below the minimum requirements given in the table may be allowed when the subject is active, has firm muscles, and evidently vigorous and healthy.

A reduction of one centimeter may be allowed in chest measurement provided there is no disease of the chest or contained organs.

Trainees who do not come up to the standard given in this table, but who are otherwise free from any defect or pathological condition which might interfere with the performance of duty expected of them, shall be placed under Class II—Fit for limited service only—for assignment to special service.

(b) The arms being extended above the head, the subject is required to cough vigorously; any form of rupture (hernia) may now be discovered by the hand and eye, but better still by the index finger passed up to the external ring. The most common locations for hernia are the groins, the navel, and old scars from abdominal operations.

(c) The arms remaining extended above the head, the subject is required to take a long step forward with the right foot and bend the right knee; the genital organs are now conveniently exposed and defects in the scrotum may be recognized. Look for inflammations, accumulations of fluids, and excessive varicocele.

(d) Arms down and the subject required to separate the buttocks with his hands at the same time bending forward; this exposes the anus.

(e) Examine the heart and lungs; rate of pulse and respiration.

(f) Upper extremities.—Make sure that all joints are free and supple, from phalanges to the shoulder.

(g) Lower extremities.—The subject is required to leap directly up, striking the buttocks with the heels, to hop the length of the room on the ball of first one foot and then the other, to make a standing jump as far as possible, to run the length of the room in double time several times; after which his heart and lungs are reexamined.

(h) Examine the groins for enlarged glands or buboes; examine the penis for malformations, ulcerations and gonorrhea or other signs of venereal disease.

(i) The mental examination should be such as to determine whether the subject is possessed of normal, sound understanding. The age of the subject must be taken into consideration.

(j) Vision.—Test the vision of each eye separately. Place the test card on a good lighted wall six meters (twenty feet) from the subject. The visual minimum requirements are twenty-fiftieth for the better eye and twenty-hundredth for the poorer, provided that no organic disease exists in either eye. Registrants whose vision falls below the above requirements but whose minimum vision is twenty-two hundredth in each eye, correctible with glasses to twenty-fortieth in either eye, when no organic disease of either eye exists, shall be placed under Class II—Fit for limited service only.

(k) Hearing will be tested by the ordinary conversational voice at six meters (twenty feet) distant. The subject should stand with his back to the examiner while an assistant closes each of the subject's ears in succession. The subject should be directed to repeat the words spoken by the examiner. If he cannot hear the words at twenty feet, the examiner should approach foot by foot, using the same voice, until the words are repeated correctly. Low conversational voice (not whisper), should be used and numerals, names of places, or other words or sentences should be given. The hearing, with both ears open should not be below ten-twentieth.

(l) *Causes for physical exemption.*—

*Mental.*—Nervous and mental diseases.

*Skin.*—Chronic, contagious, and parasitic diseases, when severe and extensive; chronic ulcers, deep or extensive. In these cases, the subject should first be subjected to medical treatment before his assignment to a training class.

*Ears.*—Any discharge from the ear. Perforation of the tympanum in a dry ear is not disqualifying, provided the hearing is ten-twentieth or better.

*Eyes.*—Acuteness of vision below minimum requirements, conjunctival affections, including trachoma and entropion, marked strabismus, diseases of the lachrymal apparatus, exophthalmos, ptosis, asthenopia, nystagmus.

*Mouth, nose, and throat.*—Deformities interfering with mastication or speech, chronic ulcerations, fissures, or perforations of the hard palate, hypertrophy of tonsils sufficient to interfere with respiration or phonation, loss of voice. The subject must have at least four serviceable molar teeth, to serve the purpose of mastication. A good fitting bridge or plate where not more than one-half of the teeth are involved is not disqualifying. If artificial denture will restore the teeth so as to meet the requirements of proper mastication, the man should be accepted.

Obstruction of nostrils, or foul discharges indicative of ozena. Simple atrophic rhinitis is curable. Nasal polypi often means chronic sinusitis, but are not a bar to acceptance.

*Neck.*—Pronounced goiter, great enlargement, or ulcerations of the cervical glands.

*Chest.*—Diseases of the lungs particularly pulmonary tuberculosis, especially in flat or narrow or malformed chest. Organic diseases of the heart. In examining the heart care should be taken not to ascribe to disease the hurried sharply accentuated action sometimes due to nervousness, fright, or embarrassment or the irregular action caused by the excessive use of tobacco. Nor should the examiner attach undue importance to the soft systolic murmur often heard in growing athletic youths, functional and temporary in their nature.

*Abdomen.*—Chronic inflammations of the gastro-intestinal tract, including chronic diarrhea and dysentery, and other diseases of the contained organs; great care should be exercised before exempting for these conditions; hernia in all situations.

*Anus.*—Hemorrhoids of a pronounced type, prolapsus and fistula.

*Genito-urinary organs.*—Syphilitic lesions; tight urethral stricture, undescended testicles, chronic orchitis, marked hydrocele, chronic diseases of the bladder and kidneys. Varicocele does not constitute a cause for rejection unless it is so large as to interfere with locomotion; it frequently occurs among robust men and often without their being aware of its existence; gonorrhoea, acute, and chronic.

*Affections common to both extremities.*—Diseases of the joints of disabling type, irreducible dislocation or false joints, old dislocations if attended with impairment of motion or distortion of the joint, chronic synovitis, badly united fractures, caries, necrosis, atrophy or paralysis, extensive or adherent scars, permanent contraction of muscles.

(m) Trainee registrants who are found to have some defects, not of a serious nature, which will not prevent them from rendering services in special branches of the Army, shall be admitted under Class II—For limited service only—for assignment to special service.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this sixteenth day of July, in the year of Our Lord, nineteen hundred and thirty-six, and of the Commonwealth of the Philippines, the first.

**PROCLAMATION NO. 76**

PROCLAIMING THE WEEK FROM AUGUST 17 TO 23, OF EACH YEAR, AS “MADE-IN-THE PHILIPPINES PRODUCTS WEEK”

Whereas, on the seventeenth day of August, nineteen hundred and thirty-three, the Honorable Frank Murphy, then Governor-General of the Philippine Islands, issued a proclamation as follows:

“It is a natural trait among the peoples of all enlightened countries to love and to feel a special regard for the things that they consider their own. Economic protectionism that is animated by a sane and sound spirit of nationalism is a universally accepted rule of national conduct. The observance of this spirit has been a potent factor in the development of many strong and progressive nations.

“The people of the Philippine Islands would do well to cultivate and develop this same spirit of economic nationalism among themselves for their own welfare and benefit and for the greater progress and development of this Archipelago. The expansion and great development of local industries will bring more wealth, prosperity, and happiness to all the people living in these Islands.

“The Philippines is richly endowed with the precious gifts of nature. We have here an abundance of the basic materials of industry. To a certain extent we have begun to avail ourselves of these natural facilities and advantages for industrial growth, but our local industries are still comparatively few and relatively undeveloped. Most of them remain in their earlier stages of growth. In the meantime, many of our domestic needs that could be fully supplied with local products have to be provided for with considerable importations of foreign articles.

“In order to give the necessary encouragement and stimulus to domestic industries, the people of this country should patronize Philippine products.

“I, therefore, proclaim the week from August seventeenth to August twenty-third, nineteen hundred and thirty-three to be ‘Made-in-the-Philippines Products Week’ and I hereby request all the people of these islands to observe it as a week in which products of the Philippines will be used by them for their home and personal needs. I hope this spirit of cultivating and encouraging home industries will be maintained all the coming years so that it will mark the rise in this country of a vigorous and healthy spirit of economic progressiveness.”

Whereas the annual observance of the “Made-in-the-Philippines Products Week” during the last three years has the people of this country, and has given impetus to the development of native industries;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby designate and proclaim the week from August seventeenth to twenty-third, of each year, as “Made-in-the-Philippines Products Week,” and urge all the people of this country to observe it accordingly.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines, to be affixed.

**PROCLAMATION NO. 114**

DESIGNATING THURSDAY, THE 26<sup>TH</sup> OF NOVEMBER, 1936, AS A DAY OF NATIONAL  
THANKSGIVING

Whereas, the President of the United States, in accordance with customs, has set aside Thursday, November twenty-sixth, nineteen hundred and thirty-six, as a day of national thanksgiving; and

Whereas, it is most appropriate that on this, the second year of the Commonwealth, the day be observed in the Philippines as in the United States and that the Filipino people be apprised of the proclamation of the President of the United States of America;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby proclaim Thursday, November twenty-sixth, nineteen hundred and thirty-six, as a day of thanksgiving in the Philippines and do enjoin the inhabitants thereof to repair to their respective houses of worship and offer thanks to Almighty God for the blessings which He has bestowed upon this country; for the successful completion of the first year of the Commonwealth which has brought about as at no other period in our history the full consciousness of national solidarity, without which it were vain to build the foundation work of government on a sane and enduring basis; for the boon of peace and order thruout the land; for the greater realization of our duty to concern ourselves with the needs and sufferings of our less fortunate brothers; for our bountiful crops and produce; and for the general well-being and contentment so evident everywhere. For these blessings and for many more I call upon all our people to dedicate their noblest thoughts in prayer and grateful thanksgiving to Him without whose grace our greatest accomplish for the respectful and careful consideration of the people of the Philippines, the following Proclamation of President Roosevelt:

“THANKSGIVINGDAY—1936

“BY THE PRESIDENT OF THEUNITED STATES OF AMERICA

“A PROCLAMATION

“I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the twenty-sixth day of November, nineteen hundred and thirty-six, as a day of national thanksgiving.

“The observance of a day of general thanksgiving by all the people is a practice peculiarly our own, hallowed by usage in the days before we were a nation and sanctioned thru succeeding years.

“Having safely passed thru troubled waters, it is our right to express our gratitude that Divine Providence has vouchsafed us wisdom and courage to overcome adversity. Our free institutions have been maintained with no abatement of our faith in them. In our relations with other peoples we stand not aloof but make resolute effort to promote international friendship and, by the avoidance of discord, to further world peace, prosperity, and happiness.

“Coupled with our grateful acknowledgment of the blessings it has been our high privilege to enjoy, we have a deepened sense of our solem responsibility to assure for ourselves and our descendants a future more abundant in faith and in security.

“Let us, therefore, on the day appointed, each in his own way, but together as a whole people, make due expression of our thanksgiving and humbly endeavor to follow in the footsteps of Almighty God.

“In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

“Done at the City of Washington this twelfth day of November, in the year of Our Lord, nineteen hundred thirty-six, and of the Independence of the United States of America, the one hundred and sixty-first.

“FRANKLIN D. ROOSEVELT

“By the President:

“R. WALTON MOORE

“Acting Secretary of State”

In witness whereof, I have hereunto set my hand and caused the seal of the Government of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this twenty-third day of November, in the year of Our Lord, nineteen hundred and thirty-six, and of the Commonwealth of the Philippines, the second.

**PROCLAMATION NO. 122**

DECLARING SATURDAY, JANUARY 2, 1937, A SPECIAL PUBLIC HOLIDAY

Whereas, a petition has been received from and on behalf of the associated banks in Manila, asking that the second day of January, nineteen hundred and thirty-seven, be declared a bank holiday so as to enable the banking houses to deal with the heavy work incidental to the closing of their books at the end of the year;

Whereas, the banking houses have agreed that negotiable papers which would fall due on the second day of January, nineteen hundred and thirty-seven, if the same were not a holiday, shall not be protested until the sunset of the following Monday, January Fourth, nineteen hundred and thirty-seven;

Whereas, said petitioners have further agreed that they will receive moneys from the business community on the said second day of January for safe-keeping, provided that such moneys shall not be entered on the banks' accounts until the fourth day of January, nineteen hundred and thirty-seven; and

Whereas, it appears to the Chief Executive that, inasmuch as the first and third of January, nineteen hundred and thirty-seven, are public holidays, the said second day of January can be declared a special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefore, do hereby proclaim Saturday, January second, nineteen hundred and thirty seven, as a special public holiday.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this twenty-first day of December, in the year of Our Lord, nineteen hundred and thirty-six, and of the Commonwealth of the Philippines, the second.

**PROCLAMATION NO. 134**

DECLARING THE PERIOD BETWEEN INDEPENDENCE DAY, JULY 4, AND JULY 31, 1937, AS THE TIME FOR THE SECOND COMMONWEALTH ROLL CALL OF THE RED CROSS IN THE PHILIPPINES.

I, Manuel L. Quezon, President of the Philippines, do hereby declare the period between Independence Day, July fourth, and July thirty-first, nineteen hundred and thirty-seven, the time for the Second Commonwealth Roll Call of the Red Cross in the Philippines.

The record of the Red Cross in ably handling the great disasters of nineteen hundred and thirty-six is still fresh in the minds of our people. Before the storms claiming their toll of human lives and devastating our crops and properties had ceased to rage, the nurses and relief personnel of the Red Cross were already at work in the stricken areas, ministering to those who suffered. Thousands of homes throughout the length and breadth of the Archipelago can bear witness to the humanitarian services rendered by the Red Cross when disasters have spread death and destruction over the face of our land.

It is, therefore, the desire of the Government to encourage and support all efforts to develop the Red Cross as a voluntary agency, through which our citizens, in time of great emergency, can come to the aid of the needy and the suffering with their means and personal services. No effort should be spared on the part of our people to build up in the Philippines a strong Red Cross organization to fulfill the purposes for which this great movement is established in all the leading nations of the world.

I, therefore, call upon all citizens and residents of the Philippines, our business interests, all national, provincial, and municipal officials, the clergy, all the teachers in public and private schools, and other public spirited individuals and institutions, to actively assist in the organization and conduct of the Roll Call, and to give generous and special support this year in order that the Red Cross may be able to meet all its obligations and responsibilities.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Washington, D. C. (for the City of Manila), this sixth day of April, in the year of Our Lord, nineteen hundred and thirty-seven, and of the Commonwealth of the Philippines, the second.

” ‘Whenever the President shall find that a state of civil strife exists in a foreign state and that such civil strife is of a magnitude or is being conducted under such conditions that the export of arms, ammunition, or implements of war from the United States to such foreign state would threaten or endanger the peace of the United States, the President shall proclaim such fact, and it shall thereafter be unlawful to export, or attempt to export, or cause to be exported, arms, ammunition, or implements of war from any place in the United States to such foreign state, or to any neutral state for transshipment to, or for the use of, such foreign state.’

“And whereas it is further provided by section 1 of the said joint resolution that

” ‘The President shall, from time to time by proclamation, definitely enumerate the arms, ammunition and implements of war, the export of which is prohibited by this section. The arms, ammunition, and implements of war so enumerated shall include those enumerated in the President’s proclamation Numbered 2163, of April 10, 1936, but shall not include raw materials or any other articles or materials not of the same general character as those enumerated in the said proclamation, and in the Convention for the Supervision of the International Trade in Arms and Ammunition and in Implements of War, signed at Geneva June 17, 1925.’

” ‘In the case of the forfeiture of any arms, ammunition, or implements of war by reason of a violation of this Act, no public or private sale shall be required; but such arms, ammunition, or implements of war shall be delivered to the Secretary of War for such use or disposal thereof as shall be approved by the President of the United States.’

PUBLISHING THE INSTRUCTIONS ISSUED BY THE DEPARTMENT OF STATE OF THE UNITED STATES DEFINING THE PROCEDURE TO BE FOLLOWED IN THE EXCHANGE OF COMMUNICATIONS BETWEEN THE AUTHORITIES OF THE COMMONWEALTH OF THE PHILIPPINES, ON THE ONE HAND, AND FOREIGN CONSULAR OFFICIALS IN THE PHILIPPINES AND AMERICAN DIPLOMATIC AND CONSULAR OFFICERS, ON THE OTHER HAND.

Whereas, under section two (*a*), subsection ten, of the Tydings-McDuffie Law, Public Act Numbered One hundred twenty-seven, Seventy-third Congress, approved March twenty-fourth, nineteen hundred and thirty-four, and section one, subsection ten of the Ordinance appended to the Constitution of the Philippines, pending the final and complete withdrawal of the sovereignty of the United States over the Philippines, the foreign affairs of the Commonwealth of the Philippines shall be under the direct supervision and control of the United States; and

Whereas, by virtue of the above provisions, the Department of State of the United States has defined the procedure to be followed in the exchange of communications between the authorities of the Commonwealth of the Philippines, on the one hand, and foreign consular officers in the Philippines and American diplomatic and consular officers, on the other hand, as follows:

“I. Foreign consular officers stationed in the Philippines may appropriately address and appeal to the local authorities, throughout the extent of their consular districts, for the purpose- of protecting the rights and interests of their nationals. Should the local authorities fail to give satisfaction, appeal may be made directly to the United States High Commissioner to the Philippine Islands who should bring the matter to the attention of the President of the Government of the Commonwealth of the Philippines. If that action should fail to effect a satisfactory adjustment, the High Commissioner will then refer the case to the Department of State and will so inform the foreign consular officer concerned. It is suggested that written communications addressed by foreign consular officers to the local authorities of the Commonwealth Government in Manila be prepared in duplicate and a copy forwarded to the High Commissioner; and that such communications addressed to officials of the Commonwealth Government outside of Manila be prepared in triplicate, one copy to be sent to the High Commissioner and one copy to be sent to the President of the Commonwealth. Replies by officials of the Commonwealth Government to communications from foreign consular officers should be transmitted through the President of the Commonwealth, and a copy of each reply should be sent to the High Commissioner by the President of the Commonwealth.

“II. Subjects of a political character and questions relating to exequaturs, visits of foreign war vessels and airplanes, and other formal matters should be dealt with as usual through diplomatic channels, i. e., through the Embassy or Legation in Washington of the country concerned.

“III. Official communications from the Commonwealth authorities to American diplomatic and consular officers should be sent to the High Commissioner for transmission over his signature to the diplomatic or consular officers concerned. American diplomatic and consular officers are being instructed to address official communications for the attention of the Commonwealth authorities to the High Commissioner for transmission.”

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby publish the above instructions of the Department of State of the United States, for the information and guidance of all concerned.

PUBLISHING THE INSTRUCTIONS OF THE SECRETARY OF STATE-REGARDING THE EXCHANGE OF COMMUNICATIONS BETWEEN THE LEAGUE OF NATIONS AND THE GOVERNMENT OF THE COMMONWEALTH OF THE PHILIPPINES.

Whereas, the Secretary of State has issued the following instructions regarding the exchange of communications between the League of Nations and the Government of the Commonwealth of the Philippines:

“Although the Act grants to the Commonwealth Government a large measure of autonomy, the sovereignty of the United States is retained until relinquished by the President’s proclamation. Pending the relinquishment of sovereignty, certain definite limitations have been placed on the functions and authority of the Commonwealth Government.

“Section 2 (a) (10) of the Independence Act provides that, pending the final withdrawal of the sovereignty of the United States over the Islands, ‘Foreign affairs shall be under the direct supervision and control of the United States.’ Section 7 (2) of the Independence Act provides that: ‘The President of the United States shall have authority to suspend the taking effect of or the operation of any law, contract, or executive order of the Government of the Commonwealth of the Philippine Islands, \* \* \* which in his judgment will violate international obligations of the United States.’

“The fulfillment of the obligations of this Government under the provisions of law above quoted obviously requires that communications between officials of the Commonwealth Government and foreign governments or international organizations should be transmitted through this Department in order that it may determine whether the subjects to which the communications relate are within the jurisdiction of the Commonwealth Government and whether any proposed declaration or action by that Government relating to international questions is in accord with the international policy and obligations of the Government of the United States.

“For the effective accomplishment of this purpose the procedure hereinafter outlined will be observed in the transmission of communications between the Commonwealth Government or any of its agencies and the League of Nations:

“1. Communications from the League addressed to the Government of the Philippine Commonwealth or its officials seeking information in regard to matters concerning the Philippine Islands, should be sent in the first instance to the Consulate at Geneva.

“2. Except as otherwise provided in paragraph 6, the Consulate will transmit such communications to the Department of State which, if it perceives no objection to the forwarding of the requests to the Philippine authorities, will forward the communications to the High Commissioner in Manila through the Bureau of Insular Affairs, War Department, Washington, D. C.

“3. The High Commissioner will transmit the communications to the proper Philippine authorities and will receive from them in reply such information and material as those authorities may desire to submit to the interested organization.

“4. Except as otherwise provided in paragraph 6, the High Commissioner will forward the information and material furnished by the Philippine authorities, together with such comment as the High Commissioner may care to make, to the Department of State through the Bureau of Insular Affairs of the War Department.

“5. Upon receipt of these communications from the High Commissioner, the Department will, if it perceives no objection, forward the communications to the Consulate at Geneva for transmission to the interested organization.

“6. Subject to the exception stated in paragraph 7, the Consulate at Geneva may forward direct to the High Commissioner requests for published reports and documents of the Commonwealth Government and, generally, requests for information which clearly do not involve any political question or any question requiring the consideration of the Department in the fulfillment of the obligations of the United States under the provisions of law above quoted. If the Consulate should entertain any doubt as to the propriety of the transmission direct to the High Commissioner of a particular communication, it should be transmitted to the Department with an expression of the Consulate’s views. Communications transmitted directly to the High Commissioner by the Consulate will be forwarded by the High Commissioner, in his discretion, to the appropriate Philippine authorities. The response of these authorities will be submitted to the High Commissioner who, in his discretion, will transmit it directly to the Consulate at Geneva for delivery to the interested organization.

“7. The exception to the general rule noted in (6) above, *shall not* apply to requests for information in regard to matters concerning *(a)* narcotics and narcotics control, and *(b)* armaments and other military matters.

“8. In transmitting communications dealing with League matters, care should be exercised to employ the most rapid mail service available, preference to be given the air mail whenever practicable. In urgent cases the request may be communicated by telegraph.”

Now, therefore, I, Manuel L. Quezon, President of the Philippines, do hereby publish the above instructions of the Secretary of State, for the information and guidance of all concerned.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

**PROCLAMATION NO. 204**

DESIGNATING THE PERIOD FROM NOVEMBER 6 TO 30, 1937, AS THE PERIOD FOR THE NATIONAL FUND CAMPAIGN OF THE BOY SCOUTS OF THE PHILIPPINES.

Through its splendid accomplishments in character development and in promoting the moral and bodily welfare of Filipino youth the Boy Scout organization has earned for itself a high place in the respect and esteem of our people. In recognition of its effective and disinterested services the National Assembly, on October thirty-first, nineteen hundred and thirty-six, enacted a law creating a public corporation to be known as the Boy Scouts of the Philippines. The altruistic purposes of the organization are enumerated in section three of that Law, which reads as follows: "The purpose of this corporation shall be to promote, through organization and cooperation with other agencies, the ability of boys to do things for themselves and others, to train them in scoutcraft, and to teach them patriotism, courage, self-reliance, and kindred virtues, using methods which are now in common use by boy scouts."

To carry on this work effectively proper facilities for administration and control are essential. The central offices of the Boy Scouts are temporarily but inadequately housed in the Rizal Memorial Stadium. A permanent and suitable home must be provided. Since the formal inauguration of the Boy Scouts of the Philippines, successors to the Philippine Branch of the Boy Scouts of America, will take place in January, nineteen hundred and thirty-eight, it is particularly desirable, that its headquarters be permanently located before that date. To provide funds for this purpose the Boy Scout executives have decided to appeal to the public, which is the direct beneficiary of all their work.

Being convinced of the worthiness of the Boy Scout organization, of the value of its efforts to Filipino welfare, and of the urgency of its needs for adequate facilities;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, hereby designate and set aside the period from November sixth to thirtieth, nineteen hundred and thirty-seven, as a special one for the conduct of an intensive campaign to raise the necessary funds for this purpose. Further, I call upon all citizens and residents of the Philippines in every section of the country and in every walk of life to assist in this campaign and to give their special and general support so that the organization may be insured of adequate funds to prosecute vigorously and continuously its work throughout the nation.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this twenty-first day of September, in the year of Our Lord, nineteen hundred and thirty-seven, and of the Commonwealth of the Philippines, the second.

**PROCLAMATION NO. 213**

DECLARING THE FIRST MONDAY OF DECEMBER EACH YEAR AS PARENTS' DAY, AND REVOKING PROCLAMATION NO. 11, DATED MAY 20, 1921.

Whereas, by Proclamation Numbered Eleven, issued on May twentieth, nineteen hundred and twenty-one, the first Monday in December of each year has been designated as Mothers' Day;

Whereas, petitions have been received from various sources to have a date set apart for the annual observance of Fathers' Day, based on the universal belief that while the mother rocks the cradle, the father builds the home for the safety, comfort, and happiness of the family;

Whereas, it is not deemed advisable to set apart a special date for Fathers' Day in view of the already numerous dates set aside for holidays; and

Whereas, it would be but fitting that Mothers' Day and Fathers' Day be observed together instead of apart;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by law, do hereby declare the first Monday in December of each year, heretofore designated as Mothers' Day, to be known as Parents' Day and do hereby enjoin its observance, and call upon all our citizens and all our public and private schools to celebrate this day with appropriate programs and other fitting ceremonies.

Proclamation Numbered Eleven, issued on May twentieth, nineteen hundred and twenty-one, is hereby revoked.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

**PROCLAMATION NO. 225**

DESIGNATING THURSDAY, THE 25TH DAY OF NOVEMBER, 1937, AS  
A DAY OF NATIONAL THANKSGIVING

I, Manuel L. Quezon, President of the Philippines, do hereby publish the following proclamation issued by the President of the United States, setting aside, in accordance with custom, the twenty-fifth day of November, nineteen hundred and thirty-seven, as a day of national thanksgiving:

“THANKSGIVING-1937

“BY THE PRESIDENT OF THE UNITED STATES OF  
AMERICA

“A PROCLAMATION

“I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the twenty-fifth day of November, nineteen hundred and thirty-seven, as a day of national thanksgiving.

“The custom of observing a day of public thanksgiving began in colonial times and has been given the sanction of national observance through many years. It is in keeping with all of our traditions that we, even as our fathers in olden days, give humble and hearty thanks for the bounty and the goodness of Divine Providence.

“The harvests of our fields have been abundant and many men and women have been given the blessing of stable employment.

“A period unhappily marked in many parts of the world by strife and threats of war finds our people enjoying the blessing of peace. We have no selfish designs against other nations,

“We have been fortunate in devoting our energies and our resources to constructive purposes and useful works. We have sought to fulfill our obligations to use our national heritage by common effort for the common good.

“Let us, therefore, on the day appointed forego our usual occupations and, in our accustomed places of worship, each in his own way, humbly acknowledge the mercy of God from whom comes every good and perfect gift.

“In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

“Done at the City of Washington this ninth day of November, in the year of our Lord nineteen hundred and thirty-seven, and of the independence of the United States of America the one hundred and sixty-second.

“FRANKLIN D. ROOSEVELT

“By the President:

“SUMNER WELLES

“*Acting Secretary of State*”

I deem it proper that the day be also observed in the Philippines as in the United States and I do hereby enjoin the inhabitants of the Philippines to offer thanks to Almighty God on that day for the blessings which He has bestowed upon this country, and for the successful completion of the second year of the Commonwealth.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this sixteenth day of November, in the year of Our Lord, nineteen hundred and thirty-seven, and of the Commonwealth of the Philippines, the third.

DECLARING FRIDAY, DECEMBER 31, 1937, A SPECIAL PUBLIC  
HOLIDAY

A petition has been received from and on behalf of the associated banks in Manila, requesting that the thirty-first day of December, nineteen hundred and thirty-seven, be declared a bank holiday so as to enable the banking houses to deal with the heavy work incidental to the closing of their books at the end of the year. The banking houses have agreed that negotiable papers which would fall due on the thirty-first day of December, nineteen hundred and thirty-seven, if the same were not a holiday, shall not be protested until the sunset of the following Monday, January third, nineteen hundred and thirty-eight. The said petitioners have further agreed that they will receive moneys from the business community on the said thirty-first day of December for safe-keeping, provided that such moneys shall not be entered on the banks accounts until the third day of January, nineteen hundred and thirty-eighth.

It appearing to the Chief Executive that, inasmuch as the thirtieth day of December, nineteen hundred and thirty-seven, and the first day of January, nineteen hundred and thirty-eight, are public holidays, the said thirty-first day of December, nineteen hundred and thirty-seven, can be declared a special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general,

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefor, do hereby proclaim Friday, December thirty-first, nineteen hundred and thirty-seven, as a special public holiday.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

PROCLAIMING THE FIRST WEEK OF MARCH OF EVERY YEAR AS FIRE PREVENTION WEEK

In order to arouse the inhabitants of the Philippines to the necessity of preventing the tremendous waste resulting from unnecessary fires and to impress upon them their individual responsibility for this economic loss and to induce them to take more interest in devising methods of fire prevention, I, Manuel L. I urge upon all officials of provincial, municipal, and city governments where fire departments are not provided, to form voluntary fire brigades in their respective communities and to enlist the cooperation of all Government employees to achieve the purpose for which this movement has been organized and thus impress upon the lessons that it intends to teach.

ABSTENTION FROM ALL PUBLIC DEMONSTRATIONS IN FAVOR OF PARTIES ENGAGED IN THE ARMED CONFLICTS IN SPAIN AND IN CHINA.

Whereas the Government of the United States has declared its neutrality in the civil strife now raging in Spain and in the armed conflict now taking place in China;

Whereas the foreign affairs of the Philippines are under the direct supervision and control of the Government of the United States;

Whereas it is the duty of the Government of the Commonwealth to avoid any possible cause of embarrassment to the Government of the United States in its foreign relations;

Whereas the Filipino people are the friends of the Spanish people and of the Chinese and Japanese peoples; and

Whereas it is in the national interest of the Philippines that the most strict neutrality be maintained both by the Government of the Commonwealth and the Filipino people themselves in the hostilities in progress in Spain and in China;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the powers conferred upon me by law, do hereby call upon all the people residing in the Philippines, both national and foreign, to abstain from all public administrations in favor or against any of the parties engaged in the armed conflicts in Spain and in China and/or to form associations for the purpose of creating public sentiment in favor or against any of the contending parties in said conflicts.

DECLARING SATURDAY, APRIL 16, 1938, A SPECIAL PUBLIC HOLIDAY

A petition has been received from and on behalf of the associated banks in Manila, requesting that the sixteenth day of April, nineteen hundred and thirty-eight, be declared an official holiday. The banking houses have agreed that negotiable papers which would fall due on the sixteenth day of April, nineteen hundred and thirty-eight, if the same were not a holiday, shall be protested until the sunset of the following Monday, April eighteenth, nineteen hundred and thirty-eight.

It appearing to the Chief Executive that, inasmuch as the fourteenth and fifteenth days of April, nineteen hundred and thirty-eight, are public holidays, the said sixteenth day of April, nineteen hundred and thirty-eight, can be declared a special public holiday to the great advantage of the banking houses and no disadvantage will result to the public in general;

Now, therefore, I, Manuel L. Quezon, President of the Philippines, by virtue of the authority in me vested by section thirty of the Revised Administrative Code, and there being in my judgment sufficient reasons therefor, do hereby proclaim Saturday, April sixteenth, nineteen hundred and thirty-eight, as a special public holiday.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

**PROCLAMATION NO. 270**

DECLARING THE PERIOD BETWEEN INDEPENDENCE DAY, JULY 4, AND JULY 31, 1938, AS THE TIME FOR THE THIRD COMMONWEALTH ROLL CALL OF THE RED CROSS IN THE PHILIPPINES.

Pursuant to the powers vested in me by law, I, Manuel L. Quezon, President of the Philippines, do hereby declare the period between Independence Day, July fourth, and July thirty-first, nineteen hundred and thirty-eight, the time for the Third Commonwealth roll Call of the Red Cross in the Philippines.

The year nineteen hundred and thirty-seven will stand out as the most eventful in the history of the Red Cross in this country, As a voluntary agency, in cooperation with the Government, it extended relief several disasters, great and small, that occurred during the year. It helped in the relief and rehabilitation of the families of segregated lepers, and of paroled negative lepers. It accepted and fulfilled a large part of the responsibility in dealing with the sudden evacuation of Americans and Filipinos from China to the Philippines. It supplied hospital and relief materials and funds to China to alleviate the sufferings caused by armed conflicts there. It helped Spanish residents of the Philippines who have relatives in Spain by locating missing members of their families and arranging for transfer of funds.

It is therefore, the desire of the Government to encourage and support all efforts to develop the Red Cross as a voluntary agency, through which our citizens, in time of great emergency, can come to the aid of the needy and the suffering with their resources and personal services. No effort should be spared on the part of our people to build up in the Philippines a strong Red Cross organization to fulfill the purposes for which this great movement is established in all the leading nations of the world.

I, therefore, call upon all citizens and residents of the Philippines, our business interests, all national provincial and municipal officials, the clergy, all the teachers in public and private schools, and other public spirited individuals and institutions, to actively assist in the organization and conduct of the Roll Call, and to give generous and special support this year in order that the Red Cross may be able to meet all its obligation and responsibilities.

In witness whereof, I have hereunto set my hand and caused the seal of the Commonwealth of the Philippines to be affixed.

Done at the City of Manila, this tenth day of May, in the year of Our Lord, nineteen hundred and thirty-eight, and of the Commonwealth of the Philippines, the third.
